SKIN RADIANCE

I'm
Suzanne,
your skin
specialist.

ABOUT ME

Having worked in the industry in leading salons and clinics, I decided to open my own Medispa/Laser Skin Clinic in 1998, in the heart of Essex, where we achieved the Phorest Client Satisfaction Award, 7 years running, since 2015.

I have worked within the industry, which is constantly evolving, for 29 years, building a talented team of 14 therapists. We have been providing treatments to clients and have helped countless women, and men, feel more confident about themselves and their skin.

Now, after relocating to Kingsbridge, in the beautiful South Hams, I want to bring my love of skincare and treatments and, specialise in those treatments that I am most passionate about.

Throughout my time as a therapist I have always thought it important to refresh my knowledge and study regularly, which gives me confidence to tackle the most complex of skin concerns. I have carefully researched and selected what I believe to be the most effective and professional skincare treatments and products available and offer them here for you.
